                  Almighty, Most Holy God;

                  Faithful through the ages;

          D           G           D           G  
The beasts of the field, The birds of the air,  
          G/D                   D  
Are silent to call out your name;  
          D           G           D           G  
The earth has no voice, and I have no choice,  
          G/D                   D  
But to magnify God unashamed.  
          Am           D           G   G/B C  
Let the rocks be kept silent for one more day;  
          Am                   D           G G/B D  
Let the whole world sing out, let the people say. (Chorus)

          D           G           D           G  
Well, time marches on, with innocence gone,  
          G/D                   D  
And a darkness has covered the earth;  
          D           G           D           G  
But His Spirit still dwells, He speaks, "It is well,"  
          G/D                   D  
and the hopeless still offered new birth.  
          Am           D           G   G/B C  
He has now conquered death, It will have no sting;  
          Am                   D           G   G/B D  
Let the prisoner go free, join the dance and sing... (Chorus)
